NEWEST "NO-SCRUB" SOAP DISCOVERY

Soaks Out Dirt in 15 Minutes—Yet Safe For Colors, Hands!

Now this utterly new kind of laundry soap puts an end to the washday blues women have suffered so long. No more aching backs! No more unsightly washboard hands! Oxydol is the latest amazing soap discovery by the makers of Ivory soap. Combines speed and safety in a soap no one else has ever done before it. These amazing things: (1) Soak-out dirt in 15 minutes without scrubbing or boiling. Even the tough spots come away white with a gentle rub. (2) Cuts washing time 25% to 40% in tub or machine. (3) Gets up clothes 4 to 15 times whiter than other soaps proved by scientific tintometer tests. (4) Yet so safe that hands stay soft and lovely, and every washable color comes out

sparkling, brilliant, fresh! Even sheer cotton prints washed 100 consecutive times in Oxydol suds, showed no perceptible sign of fading.

Women everywhere are discarding old favorite soaps of every sort and switching to Oxydol. To end the drudgery of washday. To have snowy white clothes.

Oxydol is economical too. Tests show that it will go one-third to one-half again as far as even the latest soap chips on the market. One package often does twice the work—gives twice the suds—lasts twice as long as less modern soaps. Get Oxydol from your dealer today.

MOTORCYCLE, 8 CARS DAMAGED

Five Automobile Accidents of Minor Nature Reported in City.

A motorcycle and eight automobiles were damaged in five traffic accidents yesterday afternoon and last night, police reported today.

The motorcycle, owned by Harold Price, who lives at the rear of 770 North Main Street was damaged in a collision yesterday about 6:30 p.m. with a car driven by E. F. Glassmeyer of 434 North State street. A police report said Price was riding the motorcycle north on State street and collided with Glassmeyer, who had started to drive across the street into the driveway at his residence.

Dou Lewell of 260 Hane Avenue told police last night at 11:55 that his car was struck by a truck driver while parked in front of 531 Davis Street. The left fenders and running board were damaged.

A car driven by Harold Kuehler of 161 Campbell street was forced over the curb at Silver and State streets last night shortly after 10 o'clock by another car which turned onto Silver from Mifflin Avenue. Kuehler told police the steering gears and exhaust pipe were damaged, he said. Gilbert Beale, of near Marion told police that his car, parked on North Prospect street, was slightly damaged last night when another car backed into it.

Cars driven by Mrs. Harry Dowler of 242 Cummins Avenue and A. J. Clark of near Galedonia collided yesterday afternoon at East Center street and Madison Avenue. The cars were slightly damaged. Mrs. Dowler was unaccompanied by two small children and Mrs. Clark was in the other car with her husband.

MORRAL MEN PAST 50 BUT STILL PLAY BALL

(Continued from Page One)

C. plant and the old Studebaker Wulf rubber plant.

Both of the veteran players like to tell how Sam, while working for the Polk Steel mill and playing on its team, played against Bill who then was employed by the Osgood Co. Bill recalls how he warned the Oregon pitcher to beware of throwing the ball at a certain spot while Sam was at bat.

"Either he let one slip or he intentionally ignored my warning, because he cut one right over the plate where Sam liked to have them come, and Sam laid the ball against one of those little buildings out there by the Polk plant and took his time trotting around the bases for a home run," Bill recalls.

Sam smiled and nodded verification of Bill's account of the happening.

Marion fans will see more of the veteran pair if plans for a three-Sunday baseball tournament to start Sept. 20 in Marion materialize. Sam and Bill are keeping trim for the tournament, which will be one of dozens in which they have played together.

With but few exceptions, the pair has worked together since Bill moved to Marion 26 years ago. He formerly lived in Gallia County, moving to Marion in 1910, and now is employed by the C. & O. railroad. He started as a pitcher at Gallipolis, playing there with the old Big team. It had lived at Marion only a year when he and Sam "hitched" and started the history that has been a formidable one since.

Started in Union County

Sam first played with a New Dover, Union County, team where he spent his boyhood days. Starting at the age of 11 with the town team, he played with them for six years when what then appeared to be a golden opportunity knocked. The Dayton Cash Registers wished a game with the New Dover boys and offered to pay them \$100 and expenses to go to Dayton for the game.

"We were boys that weren't used to having much money," Sam recalled, "and when they offered us \$100 and expenses we wondered if there really was that much money in the world. We went to Dayton, and we beat them, 3-3. Five weeks later they asked us to come back for 50 per cent of the gate, so we went down and beat them again, 2-1 in 13 innings, and collected \$300 as our share. Believe me, we were millionaires when we went to the county fair that fall. Instead of the usual quarter apiece to last us for two or three days at the fair we had real money."

Sam and Bill have played together for Marion in games throughout central Ohio. The team once was in the Heart of Ohio League, and at another time was in the Rural Community League.

The veterans don't have any prejudices against recreation ball, but they are firm believers that baseball is "coming back" after a period of years in which recreation ball backed it off the sports calendar for thousands of fans.

Hope for New League

The hope to stir enough interest in baseball to start a new league next season to include Marion, Delaware, Prospect and other nearby communities willing to sponsor a team. It is the plan to have games on Sundays and holidays.

Baseball has been an amateur sport with both of the veterans excepting for a period in which Sam spent several months with the Terre Haute, Ind., team of the old Central League. He relates he was "third string" catcher for the team and didn't have a hard time earning his \$30 a month and his first substitute. "That put me in the catcher's position without any hole total of 188."

set of and I was 25 years in 18 days. In fact, in that time I didn't have any other job while I was working there, and so I got a job at 18 and got it, so I quit," he said.

The most recent game in which the pair played together was with Marion on Aug. 20. The Marion team won 11-1 and held 15 in a scoreless tie to four-0.

Sam, the elder of the two, was asked how long he intended to continue playing ball.

"On I think I'll keep it up to '48 and then take a rest," he replied.

MISSING MAN SOUGHT IN MYSTERY DEATH

Coroner Starts Nationwide Hunt for Clothing Store Collector.

By The Associated Press

LAWRENCE, Ky., Sept. 11—Coroner Harry Lewis launched today a nationwide search for Noble C. Magness, 34-year-old clothing store collector who vanished this night before his friend Fred Counts was found dead in Magness' burning automobile.

The coroner, who has not yet given a verdict in Counts' death, prepared circumstances describing Magness and said he would send them to police throughout the country.

He acted after the Allen county coroner-lesser declined to offer a \$100 reward for information on Magness' whereabouts. The commissioners informed Sheriff Ralph Marshall, who suggested a reward, that the law permitted such action only in the case of a fugitive charged with a felony.

Marshall, following a theory that both Magness and Counts were slain and Magness' body hidden, said he was considering draining a water-filled quarry near where Counts' body was found. He said a number of anonymous tips had proved valuable.

Coroner Lewis, in withholding a verdict, declared he was certain only that Counts did not die as the result of an automobile accident. He said the dead man's head bore marks of a blow, and that it was uncertain whether this or suffocation from the flames caused death.

Magness was sold by friends to have about \$200 in his possession when last seen Saturday night in nearby Delphos. Counts, 32-year-old cigar store clerk, was found dead in the automobile Sunday. The car had run off the road and struck a tree, but the coroner said the crash evidently had not caused the fire.

and control of the monopoly power.

On the question of handling relief which brought the governor into conflict with the federal relief administration early in his term, the platform said:

"Believing that a government's first obligation is to the welfare of its people, the Democratic administration pledges itself again to the principle that all of the unfortunate people of Ohio, unable to help themselves, are entitled to relief from hunger and other privations necessarily incident to the lot of the deserving needy. We are vigorously opposed to the old deal philosophy which permitted efforts to starve."

The extra expenditures referred to were said to include \$35,000,000 for old age pensions, \$25,000,000 for poor relief, and \$20,000,000 for blind aid, mothers' pensions and other items.

Davey, state Democratic Chairman Franklin W. Paulson and other party leaders conferred until early today on planks in the platform.

Paulson said that speakers at the convention would "completely answer Bricker's astoundingly statements." He referred to an address by Attorney General John W. Bricker, Republican gubernatorial candidate, at a state-wide Republican rally at Mt. Sterling yesterday.

Says Poe Slips

"Such savings are to be expected of a man clinging to the last straw, having given away millions of dollars of funds belonging to depositors of closed banks and building and loan associations," Paulson stated.

Bricker, he said, "now seeks to muddy the water, knowing that his own infamous conduct will sooner or later reach the ears of the voters. We do in fact, not generalize, we will meet his challenge gladly and before election the voters of Ohio will know him as the stuffed shirt and hypocrite he is."

Bricker, in his speech, said Davey was "in collusion with the most wily political who ever walked across a hotel lobby."

RETIRED FARMER CLAIMED BY DEATH

Special to The Star SYCAMORE, Sept. 11—Franklin L. Lawrence, 73, a retired farmer of Sycamore, died yesterday at 12:02 p.m. at the home of a daughter Mrs. F. George Neisler of east of Tiffin. He had been ill for 11 weeks.

Funeral services will be held Saturday at 3 p.m. at the home of a son, Harry Lawrence, of near Tiffin, with burial to be made in Fairmont cemetery near Tiffin. He was a member of the Reformed church at Fort Seneca, near Tiffin.

LEMERT SOFTBALL TEAM SCORES 1 TO 0 WIN OVER SARATOGA

Crowd of 250 Attends Stadium Benefit Game at Lincoln Park Field.

Lemert's fast-stepping softball team scored its fifth victory of the season over the Saratoga G.I.'s team of Marion last night, by taking a 1 to 0 decision in a eight game at Lincoln park.

The game was played as a benefit for the proposed WPA stadium project, with about 250 persons attending.

The only run of the game was scored in the fifth inning when Pugay, Lemert's shortstop, crossed the plate. The rest of the game was devoted to a tense pitching duel between Harry Miller, Grill mound ace, and George Kitterberger, Lemert buster.

Each pitcher racked up 10 strikes and both were backed up by errors on the part of their teammates. Lemert drove out five safeties with the Grill batters being limited to three hits.

Sharrick, Lemert second baseman, led in hitting with two hits out of three trips to the plate.

Milner hit a triple for the Grill nine, while Moore and Fazley nicked Milner in turn for two-base hits.

The game was the eighth meeting this season for the two teams, with Lemert having won four of the previous games, while the Grill nine had been victorious in three hits.

The score by innings of last night's game:

Lemert 0.0 0 0 0-1 Marion 0.0 0 0 0-0

G. Klingenberg and Moore; Milliron and Noble.

Sharrick of Bucyrus and Red Harbin of Marion were the umpires.

Keller explained that since the All-Star league pennant winner does not compete in the Little World series, he feels that a game should be scheduled between the series winner and the All-Star league champion.

Should such a game be scheduled for next week, it would present a sparkling display of softball. The Axe team played heads-up ball all season to march triumphantly to the All-Star night league crown, while both the Shovel and Snowe teams have carried on in good fashion this season.

Regardless of whether Wesley or the Shovel nine is victorious tonight, the winning team should be able to make next week's possible contest a stirring game.

Tonight's game is rated as a top-notch encounter, with both teams expected to be keyed to the utmost. The fact that the game is all-decisive and will place the series championship in the winner's lap is expected to act as an effective stimulant to the opposing players.

Maynard Snyder is expected to take the mound for the Shovel, while Woody Walters probably will pitch for Wesley. They opposed each other in last Tuesday's game and gave fans an outstanding exhibition of a pitching duel.

Walters limited the Diggers to one clean hit, while the victorious team had to hit three hits. In holding the Wesley nine to three hits, Snyder struck out 10 batters, while Walters fanned five.

Series records so far show that Walters has won three games and lost one, while Snyder has broken even in two games.

Walters piled up an early load in Tuesday's game, scoring its three runs in the first four innings, while the Shovel went hitless in that time. The Diggers struck Walters for their first hit in the fifth inning but did not

score until the sixth, when one run came in. Then, in the final inning, the Shovel threatened to tie up the score when Andrews, Shovel catcher, crossed the plate for his team's second run. Walters went to work, however, and checked the rally, striking out two men.

Walters piled up an early load in Tuesday's game, scoring its three runs in the first four innin-

gs, while the Shovel went hitless in that time. The Diggers struck Walters for their first hit in the fifth inning but did not

score until the sixth, when one run came in. Then, in the final inning, the Shovel threatened to tie up the score when Andrews, Shovel catcher, crossed the plate for his team's second run. Walters went to work, however, and checked the rally, striking out two men.

Series record so far show that Walters has won three games and lost one, while Snyder has broken even in two games.

KIWANIS HEARS TALK ON SOCIAL SECURITY

Official Explains Purposes and Operation of State and Federal Acts.

The federal acts have been security acts as they will affect the public were discussed by Wm. E. Barron of Columbus, director of the state commission for social security and assistant of the director of public assistance, at a meeting of the Marion Kiwanis club at the Kiwanis meeting place, at West Marion.

He spoke particularly on the way it is to be expected that the state departments of health, of labor and of agriculture will be dependent on the state and federal acts.

Mr. Barron was introduced by the president of the Marion Kiwanis club who is a member of the state commission for social security.

FOUNDED BY KIWANIS

Marion Kiwanis club has made a study of the Social Security laws and its members are working to make the community understand the new programs in the best possible way.

Mr. Barron was introduced by the president of the Marion Kiwanis club who is a member of the state commission for social security.

Marion Family Enjoys Cleanliness Of Modern Automatic Gas Heat

Mrs. Jane H. Rexroth Rids Her Home of Furnace Dirt and Soot

EFFICIENCY PRAISED

Gas heat cut household cleaning costs in the home of Mrs. Jane Rexroth, 384 East Center Street, during the past winter. Savings of cleaning bills of such things as curtains, rugs and other furnishings were minimized by the clean, healthful heat from an automatically controlled gas-fired furnace.

Mrs. Rexroth has this to say about her modern gas heating equipment: "We installed gas heat in our home last year and are very well satisfied. It is clean and very cheap heat for service and comfort it gives."

This clean heat of even temperature was maintained in the Rexroth nice room home through the

Relief Record Reveals Need of Clothing Drive

Two Typical Cases Described in Campaign To Equip Children for School.

The imperative need that faces more than 2,000 Marion boys and girls who will be deprived of clothing and the fall and winter of 1936-37 is described in an article in the paper of the National Association of Negroes.

The drive for clothing and for funds to which the public can contribute is the result of the work of Dr. W. E. Johnson, head of the Negroes' clothing fund.
